Chip,

Head's-up regarding Jackie's concern. I just called Sean S to ask him how he'd react to this concern if he were at the CAG mtg. Sean said the CDF was taking seismic concerns into consideration. Give me a call if you want to talk, or we can just wait till we ride to the mtg together.

Jim

Hi All

This is the Golder Report that I keep referring to regarding the possible earthquake problems that may occur and jeopardize the potential CDF portion of the Superfund.

After our lecture that Yu Mei Weng gave and the potential hazards this report suggests, I wonder how safe the CDF might be.
